€15 plus VAT

CT331 Auto Forgery Detector

This compact, ECB Approved Forgery Detector, detects all forged Euro and Sterling notes quickly and easily. With its small size it's ideal for counters or tills and ensures only real notes are accepted by your business.

CT331 Auto Forgery Detector
€169 plus VAT

Cobra Infrared Detector

The Cobra is a very easy to use Infrared Camera Detector. Infrared ink shows up under this camera, whereas all other inks do not. This makes it simple for users to distinguish between real notes and counterfeits. The unit is capable of working with all currencies current and future.
