## NEWTON 3

The Kisan Newton has evolved, Ireland's most popular note sorter has been upgraded.

The Newton 3 is faster than ever before featuring Dual CIS technology, which gives it a crucial advantage against the latest generation of counterfeits.

The Newton's increased processing power, combined with the dual CIS allow the Newton 3 to read the serial number of every note, this means it can blacklist known counterfeit or stolen serial numbers and also record the serial numbers of every note in a count

### One-Pocket Mixed Counter

Easy to navigate menus and key buttons to the front including batch preset and mode for quick selection
