# BC 242

ULTIMATE ONE POCKET MIXED COUNTER

Multi-Currency Value Counter

Reliable and fast counting Banknote sorter

dualtron 

01 8237150

**BC - 242**

The advanced BC 242 SD is equipped with the latest generation of sensors so that all notes are correctly counted and checked.

This banknote counter has been successfully tested by DNB and the color display provides the user with all information in any desired language. Various currencies can be mixed counted and an update is easily installed via USB.

Reliable and fast counting of (un)sorted banknotes: the BC 242 SD can help you with this!

### One-Pocket Mixed Counter

Count and verify mixed bundles of notes with a full breakdown on screen.
